PROFESSIONAL SUMMARY

Motivated Cloud & Frontend Engineer with hands-on experience in AWS, React.js, TypeScript, and CI/CD pipelines. Demonstrated ability to manage large-scale operations and teams at Delhivery, combined with technical skills in full-stack development and cloud infrastructure. Completed certifications in Full Stack Development, React, and Project Management. Actively seeking a Cloud Engineer or DevOps role to apply technical skills and grow in a product-focused environment.

TECHNICAL SKILLS

Cloud & AWS	EC2 • S3 • CloudFront • Lambda • IAM • VPC • RDS • AWS Free Tier Projects
Frontend	React.js • TypeScript • JavaScript (ES6+) • HTML5 • CSS3 • REST APIs
DevOps & Tools	Git • GitHub • CI/CD Pipelines • Docker (basics) • Linux • Bash Scripting
Backend & Databases	Java • Node.js (basics) • SQL • Firebase
Testing	Manual Testing • Automation Testing • Selenium (basics) • JIRA
Soft Skills	Team Leadership (40+ members) • Operations Planning • Cost Management • Problem Solving

PROJECTS

Community Event Hub – Jaipur Heritage Platform

[React.js](#) • [TypeScript](#) • [REST API](#) • [Firebase](#) | github.com/vikas-032/jaipur-heritage

Full-stack community platform featuring local blogs, tourist listings, and food content for Jaipur. Built responsive UI with React.js and TypeScript, integrated third-party APIs for location data, and deployed on Firebase Hosting with mobile-first design.

AWS Static Website Deployment

[AWS S3](#) • [CloudFront](#) • [Route 53](#) • [IAM](#) | github.com/vikas-032/aws-static-deploy

Deployed a production-grade static website using S3 for storage, CloudFront as CDN, and Route 53 for custom domain routing. Configured IAM least-privilege policies and enabled HTTPS via ACM.

Student Registration System – Automation Testing

[Selenium](#) • [Java](#) • [TestNG](#) • [Manual Testing](#)

Developed automated test cases for a Student Registration System using Selenium WebDriver and Java. Covered functional, regression, and boundary-value scenarios with documented bug reports.

WORK EXPERIENCE

B2B / B2C Operations Executive

Nov 2024 – Dec 2025

[Delhivery Pvt. Ltd.](#) | [Chandigarh Tricity Region](#)

- Managed end-to-end pickup operations for Tricity Chandigarh, overseeing 40+ team members and 15+ delivery vehicles.
- Handled 15,000+ B2C shipment pickups per month, optimising route planning and manday utilisation to reduce costs.
- Led manpower planning, scheduling, and performance tracking using internal logistics dashboards and tools.
- Coordinated with cross-functional teams to resolve escalations and improve SLA adherence.
